

Shower Fun XXL
in Classic Design

hansgrohe

Raindance Classic. Shower Fun XXL – in a new traditional look with modern AIR technology. By mixing water with air, the shower spray is transformed into soft, voluminous rain drops. It is our pleasure to present AIR in the new Classic design: with its elegant curve, the slim, fully chromed metal shower head features distinctively retro elements. The simple, smooth surface of the spray disc offers the perfect enhancement of its high-quality appearance – all of this in the range of sizes from 180, 240 and 300 mm to the 350 mm Raindance Royale.

Croma® Classic 100. A model for success amongst Hansgrohe showers for years, the Croma now reveals its Classic side. Its 100 mm diameter discovers you in a rich and full shower rain. Carefully coordinated from the Unica'Classic shower bar right down to the stylish metal hose, the traditional design of the Croma Classic shower range also blends seamlessly with the Raindance Classic overhead showers. Of course Hansgrohe also offers mixer options that match the Classic design – the new Talis Classic line being a perfect example.

Experience the rich fullness of shower rain in the new Classic design.

The trend towards large plate overhead showers continues. Not only that – this young shower category is increasingly establishing itself as a new standard in modern bathroom design. The slim, minimalist plate overhead shower also has a new design. With its large Raindance showers in the new Classic design Hansgrohe provides an option that suits the modern trend: simple elegance combined with traditional style elements and a distinctively shaped shower head. The new showers and faucets of the Classic line both blend perfectly into traditional and modern bathrooms, permitting modern interpretations and interesting style combinations. The product range is rounded off by the new Croma Classic 100 hand shower and a matching set of shower accessories.

Fantastic Shower Fun. By mixing water with air, the spray becomes more voluminous and water is used more efficiently.

Superior performance. The extra-wide XXL showers provide extraordinary spray quality for unique Shower Fun.

Steady performer. Limescale and deposits are simply rubbed off, which ensures that the products function perfectly and look good for years.
